

Public school district No. 25 of the province of Alberta.

That an order of the house do issue for a return showing all vouchers, checks, telegrams, letters, and in council, correspondence between the government of the province, and any member thereof, and any one civil servant or employee and any person or persons in connection with the purchase of a site for the provincial university.

**Postponement of Debate.**

Mr. Boyle stated that, considering the circumstances with reference to the tabling of the documents of the Alberta & Great Waterways Railway company and the fact that the same were desired to see them before the motion came up, he thought it would be advisable for his resolution to stand over for a day or two.

Premier Rutherford said he was certain that this debate should be held on as soon as possible, but if the number of Sturgeon would be so small as to suppose that it would have to be allowed to stand. The speaker said a postponement was usually allowed on the request of a member.

Hon. Mr. Cross—"The member for Sturgeon has seen all these papers which he refers to, and he has refused for not going on with his motion."

Mr. Boyle—"I have always desired to box to the ruling of the speaker and I hope the attorney-general will do the same. I think the debate would be better if it were held."

After further exchange of remarks between the attorney-general and Mr. Boyle, it was decided that the debate be taken up on Friday.

On motion of Hon. Mr. Cushing and Hon. Mr. Buchanan respectively, bills to incorporate the Bank of Alberta Insurance company and the Old Line Insurance company were given their first reading.

A petition was introduced by Hon. Mr. Cushing praying for the incorporation of the Calgary Young Women's Christian association.

**Bill Relating to Camrose.**

Geo. P. Smith, Camrose, moving the second reading of a bill to validate and confirm by law the sale of the town of Camrose, stated that one of these bills previously introduced, relating to a site of twenty-five acres for the United Lutheran church, and to be established in that town. The bill passed unanimously by a vote of 63 to 0. The church purchased the site for \$10,000, and the \$10,000 was now deposited in a local bank, and the bill was the only one of its kind in Alberta and similar to the one in Saskatchewan.

The bill was passed for its initial expenditure for a city hospital which was also granted exemption from taxation. This bill was passed unanimously by the ratifiers.

Premier Rutherford expressed his belief that the bill was not desirable of any opposition, and that it should be passed.

Mr. Bennett said the bill before the House provided that the town of Camrose should be paid the sum of \$10,000 and that the people of Camrose wished the bill passed, and it is only a matter of time before it will be passed.

Mr. McKenna again said he did not want to be construed as objecting to the bill, but thought the principle that should be fully considered. If different churches could go to the House at any time and ask for assistance for schools there would be no ending where it would go.

The bill was read a second time in committee. The committee on municipal law.

A. J. McLean, Lethbridge district moved the second reading of a bill to give additional powers to the town of Raymond. It was referred to the committee on municipal law.

The House then adjourned shortly after four o'clock.

## STRATHCONA NEWS

### LOCALS.

The Lyndhurst hockey team will play a return match with Strathcona for the Northern Alberta Championship on Friday evening in Strathcona rink.

A risk skipped by J. H. Miller went to Edmonton yesterday afternoon and won out at the Grand rink by a score of 2 to 0 from E. H. Harrison's team. The Strathcona players were D. H. Miller, Davidson P. Brown and J. H. Miller. Harrison's rink was E. H. Harrison, McCullin, Barnhouse and L. Gooding.

The last of the University Extension lectures takes place tonight. "Marcus Aurelius" is the subject and Dr. Alexander the lecturer.

The farmers of the Strathcona district will hold a mass meeting on next Saturday at one o'clock in the Hamilton Hotel. The principal question to come up for discussion will be the port packing plant proposition submitted by the provincial government.

It was at first thought that W. F. Stevens, live stock commissioner, would take the place of the one who said that he will be able to attend.

The new Alberta College building, to be started in the spring on the University grounds, will cost about \$100,000.

It is expected that a daily service over the C.P.R. line from Winnipeg to Strathcona, via Weyburn, will be started early next month. Superintendent McHugh, of the C.P.R., who is in charge of the line, is expected to be in the city on Saturday.

A communication from the city of Douglas, M.P., at Ottawa, asking him to use his influence to secure two bills to be introduced by the two members in the Western Park, Strathcona.

**JOHN C. EATON'S MUNIFICENCE.**

It is made Member of Toronto Hospital Board by Ontario Legislature.

Toronto, Feb. 22.—The following Toronto resolutions passed before Sir James Whitney and John C. Eaton, relative to the latter's munificence in giving the new Toronto General Hospital.

Government and legislature appreciate highly your munificent gift of the new Toronto General Hospital, and we are proud to have conferred on you the honor of being associated with the new Toronto General Hospital.

**GOVERNMENT HOUSE LIQUORS.**

Naval Service Attendance Allowance Paid for Wines at Farewell.

Halifax, N. S., Feb. 22.—The Nova Scotia Service Attendance Allowance, which is in annual session at Truro today, considers the bill for the payment of the allowance to the members of the province of Nova Scotia is paying or allowing to the members of the Nova Scotia Service Attendance Allowance.

Your committee having examined the financial returns of Nova Scotia for 1909 find that according to the documents the statement made by the Rev. H. H. Grant that the people's money was used to provide for a state function at Government House, was correct.

**LOCAL OPTION FOR REGINA.**

Temperance People Will Commence Campaign Immediately.

Regina, Sask., Feb. 23.—At a largely attended anti-saloon meeting of the Regina social and Moral Reform committee tonight it was decided to forthwith commence a campaign with a view to the submission of a city ordinance to the people of Regina to prohibit the sale of liquor in the city.

## STRIKE RIOTERS TO PENITENTIARY

(Continued from Page One.)

and rage as the missiles hit them. Five at them, you push them right at the window, wherever you see a man," then ordered the sergeant, a rapid crackling order issued his command. Bullets splattered against the walls, but without doing damage.

For answer, a derisive yell came from the locomotive buildings. "Try it again," they shouted. "Then, how do you like that?"

Another half-ton of integral parts of steam engines. Several of the policemen turned around and arms and legs for minutes afterwards.

They were fighting mad then, and as fast as they could reach their revolvers, they fired. Some of the Baldwin men were killed. Some of the men from a police shot that they stood openly at the windows with their arms raised to their heads.

The one o'clock whistle put an end to the hostilities for the men had to go back to their work.

After the whistle, the one victim of the bombardment, Wm. McNamee, who was shot in the foot, was taken to the hospital. The police grabbed him and after having his hand dressed at the hospital, they locked him up.

The law laid a heavy hand today upon the first batch of rioters. A case came into court for trial. Judge Davis heard the cases and gave short shrift to the rioters. Not one was a carman or a Labor Unionist, it must be said, of the strikers. They were all thugs.

Edward Carr, a notorious gang leader, was given six years in the penitentiary for having assisted a number of women in having a husband's child. John Klein and Ellis Atkins, who were killed in a mass on Sunday night, were also given terms ranging from a month and a year. Nineteen other rioters were found guilty of the rioters.

Concerning the strike itself, considered apart from the rioting feature, there was no advance made today in the settlement of the strike. The law has no overtures toward arbitration, neither did Organizer Pratt, or the strikers, either. There are so many political entanglements surrounding almost every phase of the strike that it is difficult to see a way out.

**ANOTHER STORM FORECAST.**

Another Cyclone is Approaching from the West.

London, Feb. 21.—Related reports of the storm which swept recently across the Atlantic, were given in many parts of the United Kingdom.

In many places roofs were torn from houses, hundreds of trees were blown down, and telegraph lines were broken. The storm was laid low.

Advices indicate that another cyclone is approaching from the Atlantic. The severest damage was done in North Wales, where farm buildings and telegraph lines were severely damaged. Several boats were wrecked at the various ports.

The French bark, Marichal Schuch, from Napaki, Japan, with cargo for the Anglo-Japanese exhibition here, when wrecked near near Margate, Friday, is breaking up. The crew was picked up in life boats after a hard fight.

The Wilson liner, Delfino, was blown ashore in the Hamble during the night. Tugs were attempting to float the vessel today. A large steamer was sent to the Berwickshire coast, last night, to help in the rescue of the vessel. Several distinct earthquakes lasting two minutes were felt in Quebec this morning.

## SIR WILFRID CRITICIZED ON DIFFERENT SCORES

(Continued from Page One.)

The senate banking committee to day voted to broaden the conditions regarding investments in preferred stock. The bill provided that stock must have paid up dividends for five years. Senators Langford, Cox and Sir Wilfrid Borden were in the minority. The bill was passed by a vote of 10 to 5.

Mr. Borden also had a suggestion regarding investments in common stock, which have paid dividends for seven years. The bill allows companies to place 30 per cent of their income in that class of stock, but he proposed to allow 20 per cent. The clause was allowed to stand for examination.

The superintendent of insurance was responsible for the change made in the act regarding the payment of monies to the directors. The act forbade directors to receive monies from the company. This would prevent directors from being directors. Consequently the bill was amended so as to allow directors to be paid directors.

**WHAT CONGRESS DID MONDAY.**

Senator Borden introduced Resolution Favoring Women's Suffrage.

Washington, Feb. 21.—In the Senate, Senator Borden introduced a resolution favoring women's suffrage. The bill was passed by a vote of 10 to 5.

When Senator Borden introduced an amendment to the constitution which would give the vote to women, there was an outbreak of applause from the women in the gallery.

As for anticipating the investigation desired by Senator Aldrich on his grave charge of governmental extravagance to the extent of \$300,000,000, which he introduced in the Senate, he stated this afternoon after the adjournment of the Senate in which he introduced the bill.

**ASSAULTED BY A NEGRO.**

McKlester, Okla., Feb. 23.—Carroll Litchman, a negro, is in jail here charged with making a criminal assault upon a white man.

Benjamin, who has been identified as the assailant, and feeling apprehensive of the breaking pitch, Mrs. Benton is a niece of Mrs. Annie Wainwright, a well-known woman of the richest women of New York.

The negro nearly choked Mrs. Benton in the morning, and made his escape, after taking all her money. The police are now searching for the negro throughout the night.

The prisoner was taken late today. It may be necessary to transport him to the state penitentiary for protection against a mob.

**RENTS WILL THEN GO UP.**

Winning, Feb. 21.—At the annual banquet of the Builders' Exchange, President E. B. Deacon stated that if the union of the Builders' Exchange and the contractors would have to charge higher prices and the public pay the price, it would be a great advantage to the public.

Letters were found in the dead man's pocket, showing a woman named in his will, who resides in Y. A. We can gain his fortune, and his name, and report.

## WITH THE FARMERS

**CHICAGO GRAIN MARKETS.**  
Chicago, Ills., Feb. 23.—In the face of an avalanche of farmers' reports from Kansas, some mild in tone, some quite sensational when sold to a lower level today. The trade that cereal has been weary of following the Kansas market, which are bred and born in St. Louis for its purpose.

W. H. Brown & Company, 201 N. Main St., St. Louis, Mo., grain man in the trade and who has watched demand for many years, pronounced the reports now coming forward as excessive. He said tonight "a crop scare in February does not redound credit to the originators. Nor is it apt to prove profitable to those who buy wheat on it. Conditions existing in the May delivery are weakening. It was popular to sell long wheat today. The buying power of the last week failed to reappear, scattered small lots became easy because of the change in sentiment and the selling drew out offerings which proved too liberal and prices went down a downward course. The "booster" crop of the wheat pit looked surprised when wheat refused to say much with no end of bull ammunition.

However, today was only one day, and there are many other sessions to come.

The fact that the Barlett-Park and other big house in the trade sold wheat without comment, many concerns to advise their friends to do so as buyers at the market, which was 1/2 cents lower for May and 1/4 cent for July.

Corn—The bears in corn are much confident as, as the market still shows a downward and closed at 1/2 cent lower for the day. Considerable bar pressure was noticeable. The cash 4 1/2 bushels, which was 1/2 cent lower, generally were selling at 1/2 cent. The volume, however, was not so large as was selling on stop loss orders, and short lines were not so much as was a case where the bears felt more secure of their position than in weeks and weeks.

Oats—There was a narrow market in oats, with a fairly active trade. The buying was local, none of it being against sales.

Provisions—The universal advance in the hog market was particularly reflected in provisions. The undertone was strong.

**MONTREAL LIVE STOCK.**  
Montreal, Feb. 23.—About 400 head of butchers' cattle, 400 milch cows and springers, 400 calves, 100 sheep and lambs, and 600 hogs were for sale at Montreal stock yards today. Cattle and sheep and small animals, entered quite an advance in prices of cattle since Monday's market, and all other prices were held at firm. Prime beefs, 10 cents to 15 cents per lb. for pretty good animals, 4 1/2 to 5 1/2 per pound and common stock, 3 1/2 to 4 1/2 per pound. Milch cows, \$20 to \$30 each. There were no good calves on the market.

Two spring lambs were sold from \$10 and two lambs were sold from \$10 to \$20. These two lambs were weighed about 10 pounds, or about 20 cents a pound live weight, and sold at 10 cents per lb. for fat, 10 cents per lb. for fat, 10 cents per lb. for fat.

**CHICAGO LIVE STOCK.**  
Chicago, Ills., Feb. 23.—The stock yards prices rose again today. Cattle were mostly in the hundredweight, 10 to 15 cents and live weight 10 to 15 cents.

Hog—Receipts 15,000; market 10 to 12 cents. Mined and butchers, 9 1/2 to 10 1/2 cents; heavy, 9 1/2 to 10 1/2 cents; rough heavy, 9 1/2 to 10 1/2 cents; light, 9 1/2 to 10 1/2 cents.

Cattle—Receipts 15,000; market 10 to 12 cents. Heavy, 4 1/2 to 5 1/2 cents; cows and calves, 4 1/2 to 5 1/2 cents; light, 4 1/2 to 5 1/2 cents.

Sheep—Receipts 14,000; market 10 to 12 cents. Heavy, 4 1/2 to 5 1/2 cents; light, 4 1/2 to 5 1/2 cents.

**CHICAGO LIVE STOCK.**  
Chicago, Ills., Feb. 23.—The eastern demand in the price-making influence in hogs was demonstrated today. Lack of outside orders gave the market a new start. Supply was light, however, and there was enough doing in shipping and speculative desire to make a steady market. Cattle market was strong, and trading operations were hampered by late railroad deliveries.

WEDNESDAY'S GRAIN MARKETS.  
Winnipeg, Feb. 23.—In spite of a liberal dose of crop damage reports from the United States following the holiday, cables were active. There was little demand all market. The closed lower. Winnipeg was off 1/4 to 1/2 on cash and a straight 1/2 on cash. Wheat, there were halfhearted straggles between bids and nobody appeared to want anything. Cheese grades were 1/2 lower for cash and 1/4 for flat. Wheat's crop summary showed conditions generally favorable to growing crop. Receipts for past week were 790 cars at 100 cents, 506 for the same week last year.
